I. BACKGROUND/PURPOSE

The CoC Program (24 CFR part 578) is designed to promote communitywide commitment to the goal of ending homelessness; provide funding for efforts by nonprofit providers and local governments to quickly rehouse homeless individuals and families while minimizing the trauma and dislocation caused to homeless individuals, families, persons fleeing domestic violence, dating violence, sexual assault and stalking and parenting or unaccompanied youth; promote access to and effective utilization of mainstream programs by homeless individuals and families; and optimize self-sufficiency among individuals and families experiencing homelessness. The CoC Program is authorized by subtitle C of title IV of the McKinney-Vento Homeless Assistance Act, (42 U.S.C. 11381–11389) (the Act), and the CoC Program regulations are found in 24 CFR part 578 (the CoC Program rule).

THINGS YOU SHOULD KNOW BEFORE PREPARING YOUR RESPONSE

- *Participant Eligibility. Projects funded through this NOFO must document eligibility criteria for program participants. For the definition of homelessness refer to the paragraphs listed under the definition of "homeless" in 24 CFR 578.3. All projects must participate in coordinated entry, and selection of program participants must be consistent with the CoC's Coordinated Entry process.*
- *HUD Policy Priorities and Program Highlights*
 1. **Ending homelessness for all persons.** *To end homelessness, CoCs should identify, engage, and effectively serve all persons experiencing homelessness. CoCs should measure their performance based on local data that consider the challenges faced by all subpopulations experiencing homelessness in the geographic area (e.g., veterans, youth, families, or those experiencing chronic homelessness). CoCs should partner with housing, health care, and supportive services providers to expand housing options, such as permanent supportive housing, housing subsidies, and rapid rehousing. Additionally, CoCs should use local data to determine the characteristics of individuals and families with the highest needs and longest experiences of homelessness to develop housing and supportive services tailored to their needs.*
 2. **Use a Housing First approach.** *Housing First prioritizes rapid placement and stabilization in permanent housing and does not have service participation requirements or preconditions. There should be as few barriers as possible to entering housing including for poor credit, criminal backgrounds, or poor housing histories. CoC Program funded projects should help individuals and families move quickly into permanent housing, and the CoC should measure and help projects reduce the length of time people experience homelessness. Additionally, CoCs should engage landlords and property owners to identify an inventory of housing available for rapid rehousing and permanent supportive housing for participants, remove barriers to entry, and adopt client-centered service methods. HUD encourages CoCs to assess how well Housing First approaches are being implemented in their communities.*
 3. **Reducing Unsheltered Homelessness.** *In recent years, the number of people experiencing unsheltered homelessness has risen significantly, including a rising number of encampments in many communities across the country. People living unsheltered have extremely high rates of physical and mental illness and substance use disorders. CoCs should identify permanent housing options for people who are unsheltered and employ innovative outreach strategies to engage people who are resistant or distrustful.*
 4. **Improving System Performance.** *CoCs should be using system performance measures (e.g., average length of homeless episodes, rates of return to homelessness, rates of exit to permanent housing destinations, increased income and access to benefits) to determine how effectively they are serving people experiencing homelessness. Additionally, CoCs should use their Coordinated Entry process to promote participant choice, coordinate homeless assistance and mainstream housing, and services to ensure people experiencing homelessness receive assistance quickly, and make homelessness assistance open, inclusive, and transparent. CoCs should review all projects eligible for renewal in FY 2024 to determine their effectiveness in serving people experiencing homelessness, including cost-effectiveness. CoCs should also look for opportunities to implement continuous quality improvement and other process improvement strategies. HUD*

significantly increased the points available for system performance rating factors in previous CoC NOFOs and plans to continue to do so in subsequent NOFOs.

5. Partnering with Housing, Health, and Service Agencies. Using cost performance and outcome data, CoCs should improve how all available resources are utilized to end homelessness. This is especially important as the CARES Act and American Rescue Plan have provided significant new resources to help end homelessness. HUD encourages CoCs to maximize the use of mainstream and other community-based resources when serving persons experiencing homelessness and should:

a. work closely with public and private healthcare organizations and assist program participants to obtain medical insurance to address healthcare needs;

b. partner closely with PHAs and state and local housing organizations to utilize coordinated entry, develop housing units, and provide housing subsidies to people experiencing homelessness. These partnerships can also help CoC Program participants exit permanent supportive housing through Housing Choice Vouchers and other available housing options. CoCs and PHAs should especially work together to implement targeted programs such as Emergency Housing Vouchers, HUD-VASH, Mainstream Vouchers, Family Unification Program Vouchers, and other housing voucher programs targeted to people experiencing homelessness. CoCs should coordinate with their state and local housing agencies on the utilization of new HOME program resources provided through the Homelessness Assistance and Supportive Services Program that was created through the American Rescue Plan;

c. partner with local workforce development centers to improve employment opportunities; and

d. work with tribal organizations to ensure that tribal members can access CoC-funded assistance when a CoC's geographic area borders a tribal area.

6. Racial Equity. In nearly every community, Black, Indigenous, and other people of color are substantially overrepresented in the homeless population. HUD is emphasizing system and program changes to address racial equity within CoCs. CoCs should review local policies, procedures, and processes to determine where and how to address racial disparities affecting individuals and families experiencing homelessness.

7. Improving Assistance to LGBTQ+ Individuals. Discrimination on the basis of gender identity or sexual orientation manifests differently for different individuals and often overlaps with other forms of prohibited discrimination. CoCs should address the needs of LGBTQ+, transgender, gender non-conforming, and non-binary individuals and families in their planning processes. Additionally, when considering which projects to select in their local competition to be included in their application to HUD, CoCs should ensure privacy, respect, safety, and access regardless of gender identity or sexual orientation in projects. CoCs should also consider partnering with organizations with expertise in serving LGBTQ+ populations.

8. Persons with Lived Experience. HUD is encouraging CoCs to include in the local planning process people who are currently experiencing or have recently experienced homelessness to address homelessness. People with lived experience should determine how local policies may need to be revised and updated, participate in CoC meetings and committees as stakeholders, provide input on decisions, and provide input related to the local competition process (e.g. how rating factors are determined). CoCs should seek opportunities to hire people with lived experience.

9. Increasing Affordable Housing Supply. The lack of affordable housing is a main driver of homelessness. CoCs play a critical role in educating local leaders and stakeholders about the importance of increasing the supply of affordable housing and the specific consequences of the continued lack of affordable housing. CoCs should be communicating with jurisdiction leaders, including for the development of Consolidated Plans, about the harmful effects of the lack of affordable housing, and they should engage local leaders about steps such as zoning and land use reform that would increase the supply of affordable housing. The FY2023 CoC NOFO awarded points to CoCs that took steps to engage local leaders about increasing affordable housing supply.

- Funds awarded for rental assistance will be adjusted in one of two ways.

a. Funds awarded for rental assistance in all new and renewal projects requesting the Fair Market Rents (FMR) will be adjusted by applying the FMR in effect at the time of application submission to HUD, including instances where the FMR for a specific area has decreased from the previous year.

b. Funds awarded for rental assistance for renewal projects that request less than FMR (i.e., a per-unit amount based on the actual rent costs per unit), will be increased based on the average increase in FMR amounts within the CoC's geographic area, weighted for population density. If the FMR for a specific area decreased from the previous year, project applicants will not receive an award that exceeds the FMR after adjustment. If the FMR for the project applicant's entire area decreased from the previous year, the project will be awarded the lesser amount of the per-unit amount requested by the project applicant, based on the actual rent costs per unit, or the FMR after adjustment.

- Funds awarded for operating and leasing in Permanent Housing (PH) projects will be increased based on the average increase in FMR amounts within the CoC's geographic area, weighted for population density. Because leasing and operating costs do not decrease relative to rent amounts for specific units (e.g., operating costs for 10 units that have rents of \$500 are likely the same as for 10 units that have rents that are \$450) adjustments to leasing and operating budget line items (BLIs) will not include decreases if FMRs decrease in the geographic area. The operating and leasing BLIs in these projects will remain the same as in the most recent grant agreement or grant agreement amendment.

II. DESCRIPTION OF FUNDING OPPORTUNITIES

All respondents are subject to the timeline in section V.

This solicitation is being issued ahead of the FY 2024 NOFO publication using the project criteria allowed in the FY 2023 Collaborative Application. This solicits renewal project applications from all current CoC grants that will expire in Calendar Year (CY) 2025 and new project applications for funding using reallocated funds, new bonus, and DV bonus funds.

i. U.S. HUD NOFO Renewal project types

- (a) Permanent Supportive Housing
- (b) Rapid Re-Housing
- (c) Support Services Only: Street Outreach
- (d) Joint Transitional Housing and Rapid Re-Housing

ii. U.S. HUD NOFO New Reallocation and New Bonus project types (New Reallocation projects projected at \$2,600,000 and New Bonus projects projected \$3,000,000).

- (a) New PSH demonstrating coordination with healthcare organizations to prioritize households experiencing chronic homelessness. Respondents will be provided 100 units of Public Housing as leveraging. This PSH project must include support services for the 100 households and will not include leasing or rental assistance budget line items in their proposal.
- (b) New PSH demonstrating coordination with healthcare organizations to prioritize households experiencing chronic homelessness with a provider to support eight 1-bedroom units in Miami-Dade County, Florida. The Homeless Trust will be seeking Project Based Vouchers (PBV) from an area housing authority to subsidize the eight units for persons referred through the CoC Coordinated Entry process as leverage for this project. Through this solicitation we are seeking a provider to operate the eight units, provide support services to tenants, and maintain the property as PSH. This will be submitted as a PSH project in the NOFO without leasing or rental assistance budget line items.

- (c) PSH demonstrating coordination with healthcare organizations to prioritize households experiencing chronic homelessness where at least 50% of the units target unsheltered persons. As part of the coordination with healthcare organizations, substance abuse treatment and/or community mental health services must be accessible for all program participants who qualify and choose those services. Services to be provided by the healthcare organization should total an amount that is equivalent to 25 percent of the funding being requested for the project. Acceptable forms of commitment are formal written agreements and must include: (1) value of the commitment, (2) dates the healthcare resources will be provided. In-kind resources must be valued at the local rates consistent with the amount paid for services not supported by grant funds.
- (d) Rapid Re-Housing (RRH) demonstrating coordination with healthcare and employment organizations. In the case of a Federally Qualified Health Center (FQHC), Substance Abuse treatment or community Mental Health provider, it will provide access to treatment or recovery services for all program participants who qualify and choose those services. Services to be provided by the healthcare organization should total an amount that is equivalent to 25 percent of the funding being requested for the project. Acceptable forms of commitment are formal written agreements and must include: (1) value of the commitment, (2) dates the healthcare resources will be provided. In-kind resources must be valued at the local rates consistent with the amount paid for services not supported by grant funds. Individuals should also be assisted to obtain the benefits of employment programs, which should be demonstrated by an MOU with an employment-focused provider or program.
- (e) Permanent Supportive Housing Expansion of existing PH (expansion component must be part of a new project application). For the definition of expansion refer to Section IV.x. below.
- (f) DV Bonus Projects¹.
 DV Bonus serving survivors of domestic violence, dating violence, sexual assault, human trafficking or stalking not to exceed \$3,000,000 for one or both of the following components:
- a. Rapid Rehousing which can include the expansion of an existing renewal project not dedicated to serving survivors of domestic violence with the expansion solely for additional units, beds or services dedicated to persons eligible to be served with DV Bonus funding.
 - b. Joint component Transitional Housing and Rapid Re-Housing where the Rapid Re-Housing component is at least twice as much as the Transitional Housing component. For example, someone seeking \$1,000,000 in Transitional Housing must include at least \$2,000,000 in the Rapid Re-Housing component. For the definition of the joint component project, refer to Section IV.w. below. Any proposed joint component DV Bonus project request must fund new, unutilized transitional housing beds, not currently participating in the Homeless Management Information System, that will add system capacity and increase the CoC's Housing Inventory Count.

¹ Please note, as part of the passage of VAWA 2022 which reauthorized VAWA, the McKinney-Vento homeless definition as it applies to domestic violence survivors was changed. The new definition reads *[changed language in italics]*

- Any individual or family who
 - (i) **is experiencing trauma or lack of safety related to**, or fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, stalking, or other dangerous, traumatic, or life-threatening conditions related to the violence against the individual or a family member in the individual's or family's current housing situation, **including where the health and safety of children are jeopardized;**
 - (ii) Has no other safe residence; and
 - (iii) Lacks the resources to obtain other safe permanent housing.

- c. One Coordinated Entry project to better meet the needs of people experiencing homelessness who are survivors
- d. The minimum request for a DV bonus project is \$50,000.

In addition to the options provided above, respondents may consolidate two, but no more than ten, eligible renewal projects during the application process. Applicants intending to use the consolidation process must ensure:

- (a) BLIs for the consolidated project application submitted must exactly match the sum of the BLIs for each of the individual projects as they appear on the GIW; and
- (b) the projects have the same recipient and are for the same component.

A TH and a PH project cannot consolidate to form a Joint TH/PH-RRH component project. **Attachment 3**, the Consolidated Program Application must be submitted to express your intent to consolidate projects.

Letters of Intent are required for partial or full reallocation, expansion, bonus and DV bonus project applications, and for new project sponsors. Please email your letters of intent to Manuel.Sarria@miamidade.gov by noon on Monday, July 1, 2024. Letters of intent are not binding.

For coordination with healthcare organizations, sources can include direct contributions from a public or private health insurance provider or the provision of healthcare services by a private or public organization tailored to the project. Eligibility criteria for the project cannot be restricted by the eligibility requirements of the health care service provider. Health care organizations can include substance abuse treatment and recovery providers which must provide services for all program participants who qualify and choose these services.

III. SELECTION PROCESS

Renewal projects will be rated and ranked using the HUD tool (**Attachment 18**). **The CoC will be using reallocation to maximize services, effectively compete in the CoC Program Competition and/or address underperforming projects. The CoC needs to reallocate \$2,600,000.00 to remain competitive in the FY 2024 NOFO. Projects created through voluntary reallocation will be provided bonus points.** New applications received pursuant to this RFA will be reviewed, scored and recommended for funding by a committee appointed by the County Mayor comprised of subject matter experts and County staff with experience in the relevant areas specific to the solicitation. Oral presentations will be scheduled to allow committee members to ask questions about new project applications. Scoring criteria is provided for New HUD projects (**Attachment 20**). The selection committee recommendations may be subject to negotiation. The Trust has the discretion to negotiate a best and final offer for budgets, up or down, if additional or less funding is made available as part of the competition. The criteria for selection and ranking of HUD projects is set forth in **Attachment 1**.

PLEASE NOTE: Inclusion in the FY 2024 NOFO for the Homeless Continuum of Care Program Competition Collaborative Application to be submitted to U.S. HUD does not guarantee funding from U.S. HUD. The Collaborative Application submitted by our community will be reviewed by U.S. HUD, which will ultimately decide which projects are funded.

IV. IMPORTANT INFORMATION ALL APPLICANTS SHOULD KNOW

The HEARTH Act requires local communities to collaborate on ending homelessness. Additionally, funding to CoC's is allocated through a competitive process, and the score awarded to the Collaborative Application submitted by the Miami-Dade County Continuum of Care will impact the level of funding received for Miami-Dade's Continuum of Care. This compels Collaborative Applicants to focus on U.S. HUD's Homelessness Policy and Program Priorities, U.S. HUD System Performance Measures and Federal goals, together with strategies to prevent and end homelessness outlined in the Miami-Dade County Community Homeless Plan: Priority Home and Local Outcome Measures and other policies and

procedures established by the Miami-Dade CoC. System-level performance, in addition to the performance of specific projects and project types, is a critical aspect of the [McKinney-Vento Homeless Assistance Act](#), CoC's are expected to adopt a Coordinated Entry process, demonstrate fidelity to Housing First, and dedicate PSH unit vacancies to serve chronically homeless and people experiencing unsheltered homelessness.

All RFA respondents seeking U.S. HUD funding are encouraged to familiarize themselves with the following terms and definitions included in the HEARTH Act, as defined in 24 CFR 578.3:

- a. *Consolidated Plan Certification*. The statutory form in which the state or local official certifies that the proposed activities or projects are consistent with the jurisdiction's Consolidated Plan and, if the applicant is a state or unit of local government, that the jurisdiction is following its Consolidated Plan.
- b. *Housing Inventory Count (HIC)*. A complete listing of the community's HUD and non-HUD funded beds dedicated to the homeless.
- c. *Project Applicant*. An applicant designated by the CoC to apply for CoC Program funds to carry out activities related to a specific project(s) as defined in 24 CFR 578.3.
- d. *Annual Renewal Demand (ARD) (24 CFR 578.17(b)(2))*. The total amount of all the CoC's projects that will be eligible for renewal in the CoC Program Competition. It is the sum of the annual renewal amounts of all projects within the CoC's geographic area eligible to apply for renewal in the CoC Program Competition, before any required adjustments to funding for leasing, rental assistance, and operating line items based on FMR changes.
- e. *Beds Dedicated to the Chronically Homeless*. The total number of beds in the CoC's geographic area that are dedicated specifically for use by the chronically homeless as reported in the CoC's HIC. For these types of beds, when a participant exits the program, the bed must be filled by another chronically homeless participant, unless there are no chronically homeless persons located within the geographic area.
- f. *Housing First*. A model of housing assistance that is offered without preconditions (such as sobriety or a minimum income threshold) or service participation requirements. Rapid placement and stabilization in permanent housing are primary goals. The model often incorporates an Assertive Community Treatment approach designed to engage and work with program participants where they are.
- g. *DedicatedPlus*: A DedicatedPLUS project is a permanent supportive housing (PH-PSH) project where the entire project will serve individuals and families where the head of household has a disability and who meet any of the following criteria at project entry (in any order): 1. Experiencing chronic homelessness as defined in 24 CFR 578.31 ; 2. Residing in a transitional housing project that will be eliminated and meets the definition of chronically homeless in effect at the time in which the individual or family entered the transitional housing project; 3. Residing in a place not meant for human habitation, emergency shelter, or safe haven; but the individuals or families experiencing chronic homelessness as defined at 24 CFR 578.3 had been admitted and enrolled in a permanent housing project within the last year and were unable to maintain a housing placement; 4. Residing in transitional housing funded by a Joint transitional housing (TH) and rapid re-housing (PHRRH) component project and who were experiencing chronic homelessness as defined at 24 CFR 578.3 prior to entering the project; 5. Residing and has resided in a place not meant for human habitation, a safe haven, or emergency shelter for at least 12 months in the last three years, but has not done so on four separate occasions; or 6. Receiving assistance through a Department of Veterans Affairs (VA)-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system. PSH projects must either serve the chronically homeless or the DedicatedPLUS population.
- h. *Non-Dedicated Permanent Supportive Housing Beds*. Permanent Supportive Housing (PSH) beds within a CoC's geographic area that are not currently dedicated specifically for use by the chronically homeless. CoCs and projects must prioritize the chronically homeless in non-dedicated PSH beds as they become available through turnover. This will occur through the coordinated entry process.
- i. *Preliminary Pro Rata Need (PPRN)*. The amount of funds a CoC could receive based upon the geographic areas HUD approves as included in the CoC. To determine the homeless assistance need of a particular jurisdiction, HUD will use the formula set forth 24 CFR 578.17(a). Each year, HUD

publishes the PPRN for each jurisdiction. A CoC's PPRN is determined by adding the published PPRN of each jurisdiction located within the HUD-approved CoC geographic area.

- j. *Reallocation*. Reallocation is when a CoC shifts funds in whole or part from existing eligible renewal projects to create one or more eligible new projects without decreasing the CoC's ARD. In this RFA, reallocation may be used to create new Permanent Housing.
- k. *Rapid Re-Housing*. Rapid Re-Housing means time limited, short to medium-term rental assistance with support services for homeless households. Generally, rental assistance (RA) and support services are designed to enable households to live independently and without a continuing subsidy. Rental assistance may include security deposits and last month's rent, in addition to paying contracted rent.
- l. *Supportive services*. Supportive services offer households the necessary tools to increase income, access necessary resources, and remain housed. Support services may include medical and behavioral health services, advocacy or case management, supportive employment, and legal assistance.
- m. *Housing Navigation*. Housing Navigation is a type of case management that is housing focused. Navigators assist program participants to identify an affordable property, complete required housing documents, and link them to resources to assist with other housing resources such as furniture assistance.
- n. *Mobility Counseling*. Mobility counseling is assistance for people using tenant-based housing subsidies who are interested in moving to areas that offer greater opportunities in terms of school performance, personal safety, employment, and other benefits. Counseling can include assistance with credit repair, help identifying potential units, and information about neighborhood amenities. Mobility counseling creates choice in programs that, when left to their own devices, do not promote housing choice.
- o. *Coordinated Entry*. A process developed to ensure that all people experiencing a housing crisis have fair and equal access and are quickly identified, assessed for, referred, and connected to housing and assistance based on their strengths and needs.
- p. *Street Outreach*. Essential services related to reaching out to unsheltered homeless individuals and families, connecting them with emergency shelter, housing, or critical services, and providing them with urgent, non-facility-based care.
- q. *Transitional Housing*. Designed to provide homeless individuals and families, including unaccompanied youth (under age 25), with the interim stability and support to successfully move to and maintain permanent housing. Transitional housing may be used to cover the costs of up to 24 months of housing with accompanying supportive services. No new TH will be funded through this RFA.
- r. *Homeless Management Information System (HMIS)*. A local information technology system used to collect client-level data and data on the provision of housing and services to homeless individuals and families and persons at risk of homelessness.
- s. *eSnaps*: The electronic grants management system managed by HUD's Office of Special Needs Assistance Programs.
- t. *SAGE*: U.S. HUD's reporting system for the submission of its Continuum of Care (CoC) Program Annual Performance Report (APR) which became effective April 1, 2017.
- u. *Annual Performance Report*: Used by U.S. HUD to track the progress and accomplishments of projects funded by the Department.
- v. *Grant Inventory Worksheet*: Used to record all grants that are eligible for renewal funding within the CoC's jurisdiction in the FY 2024 Continuum of Care Program (CoC) Competition.
- w. *DV Bonus*: For the purposes of this solicitation, DV Bonus is a short-to medium-term rental assistance project (RRH) with supportive services that is dedicated to survivors of domestic violence, dating violence, sexual assault, or stalking as defined in paragraph (4) at 24 CFR 578.3; a joint transitional housing/rapid rehousing project; or a DV Coordinated Entry project to better meet the needs of people experiencing homelessness who are survivors.
- x. *Joint TH and PH-RRH*: the Joint TH and PH-RRH component project combines two existing program components—transitional housing and permanent housing-rapid rehousing—in a single project to serve individuals and families experiencing homelessness. HUD will require the recipient to adopt a Housing

First approach across the entire project and program participants may only receive up to 24-months of total assistance. When a program participant is enrolled in a Joint TH and PH-RRH component project, the recipient or subrecipient must be able to provide both components, including the units supported by the transitional housing component and the tenant-based rental assistance and services provided through the PH-RRH component, to all participants. A program participant may choose to receive only the transitional housing unit, or the assistance provided through the PH-RRH component, but the recipient or subrecipient must make both types of assistance available. Additionally, if CoC Program funds are not being requested for both TH and PH-RRH units, the project application must still describe the number of TH and PH-RRH units that will be utilized by the project, if selected for conditional award, and provide details in the project description of how TH and PH-RRH assistance will be provided.

- y. *Expansion: The process by which a renewal project applicant submits a new project application to expand its current operations by adding units, beds, persons served, services provided to existing program participants, or in the case of HMIS, increase the current HMIS activities within the CoC's geographic area. DV Bonus funds can only be used to expand an existing renewal project if the expansion project is dedicated to survivors of domestic violence, dating violence, sexual assault, or stalking who qualify under paragraph (4) of the definition of homeless at 24 CFR 578.3; however, only the new project application for the expansion will be considered for DV Bonus funds. For projects that are expanding their current CoC Program-funded project, project applicants will be required to submit:*

(1) the renewal project application that will be expanded; and

(2) a new project application with the expansion information.

- z. *Homelessness and Human Trafficking: U.S. HUD is clarifying that persons who are fleeing or attempting to flee human trafficking may qualify as homeless under paragraph (4) of the homeless definition at 24 CFR 578.3; and, therefore, the individuals may be eligible for certain forms of homeless assistance under the CoC Program, subject to other restrictions that may apply. U.S. HUD considers human trafficking, including sex trafficking, to be "other dangerous or life-threatening conditions that relate to violence against the individual or family member" under paragraph (4) of the definition of homeless at 24 CFR 578.3. HUD will consider an individual or family as homeless under paragraph 4 of the homeless definition under the following circumstances where an individual or family is fleeing or attempting to flee human trafficking that has:*

(1) either taken place within the individuals or family's primary night-time residence;

(2) made the individual or family afraid to return to their primary night-time residence; and the individual or family has no other residence; or

(3) the individual or family lacks the resources or support networks to obtain other permanent housing.

- aa. *Transition application. A grant to fund a new CoC project to transition an eligible renewal project being eliminated through reallocation from one program component to another eligible new component over a 1-year period.*

The population served by U.S. HUD funded programs must meet program eligibility requirements as described in the HEARTH Act. The only persons who may be served by any CoC permanent housing projects (PH:PSH & PH:RRH) are those referred by the Homeless Trust Housing Coordinator following Trust policy HT008, *Orders of Priority for Referral*, as may be amended. All providers seeking funding must follow a Housing First model. Per the Orders of Priority policy, renewal PSH projects will dedicate all attrition to serve households who meet the DedicatedPLUS definition at the time of the referral.

A. CONE OF SILENCE

Pursuant to Section 2-11.1(t) of the Code of Miami-Dade County, as amended (the “Code”), a “Cone of Silence” is imposed upon each RFA, RFP or RFQ after advertisement and terminates at the time a written recommendation is issued. The Cone of Silence prohibits any communication regarding RFA, RFPs or RFQs between, among others:

- potential Proposers, service providers, lobbyists or consultants and the County’s professional staff including, but not limited to, the County Mayor and the County Mayor’s staff, County Commissioners or their respective staffs;
- the County Commissioners or their respective staffs and the County’s professional staff including, but not limited to, the County Mayor and the County Mayor’s staff; or
- potential Proposers, service providers, lobbyists or consultants, any member of the County’s professional staff, the Mayor, County Commissioners or their respective staffs and any member of the respective Competitive Selection Committee.

The provisions do not apply to, among other communications:

- oral communications with the staff of the Vendor Outreach and Support Services Section, the responsible Procurement Contracting Officer (designated as the County’s contact on the face of the Solicitation), provided the communication is limited strictly to matters of process or procedure already contained in the Solicitation document;

- oral communications at pre-Proposal conferences and oral presentations before Competitive Selection Committees during any duly noticed public meeting, public presentations made to the Board of County Commissioners (the “Board”) during any duly noticed public meeting;
- recorded contract negotiations and contract negotiation strategy sessions; or
- communications in writing at any time with any County employee, official or member of the Board of County Commissioners unless specifically prohibited by the applicable RFA, RFP or RFQ documents.

When the Cone of Silence is in effect, all potential vendors, service providers, bidders, lobbyists and consultants shall file a copy of any written correspondence concerning the particular RFA, RFP or RFQ with the Clerk of the Board, which shall be made available to any person upon request. The County shall respond in writing (if County deems a response is necessary) and file a copy with the Clerk of the Board, which shall be made available to any person upon request. Written communications may be in the form of e-mail, with a copy to the Clerk of the Board at clerkbcc@miamidade.gov.

All requirements of the Cone of Silence policies are applicable to this Solicitation and must be adhered to. Any and all written communications regarding the Solicitation are to be submitted only to Manuel.Sarria@miamidade.gov with a copy to the Clerk of the Board. The Proposer shall file a copy of any written communication with the Clerk of the Board. The Clerk of the Board shall make copies available to any person upon request.

VII. THRESHOLD REQUIREMENTS FOR FUNDING

1. All applications must agree to request no more than 12 months of funding, although new applicants may request an initial contract term of up to 18 months.
2. Eligible Supportive Services Costs are limited to (1) Assessment of Service Needs, (2) Assistance with Moving Costs, (3) Case Management, (4) Employment Services, (5) Food, (6) Housing Search/Counseling, (7) Legal Services, (8) Life Skills, (9) Outreach Services, (10) Transportation, and (11) Utility Deposits included in the lease agreement.
3. Operating funds, sponsor based rental assistance OR project based rental assistance may be used for units owned by the applicant organization. Projects cannot request rental assistance and operating funding in the same project. Except for reallocation projects, these must be units newly designated to serve homeless people and ready for occupancy no later than 6 months after the award of funds. We anticipate U.S. HUD will announce awards in December 2024.
4. Projects must agree to:
 - Enter client data into HMIS (except for Victim Services Providers). Victim Services Providers must have an equivalent data base with a homeless module that mirrors the HMIS universal data elements,
 - Participate in the Point-in-Time (PIT) Count, and
 - Participate in the CoC’s Coordinated Entry System (CES), meaning all referrals for RRH and PSH are generated by the Homeless Trust Housing Coordinator. Pursuant to the CoC’s CES, joint TH:RRH may serve youth referred by the Public Child Welfare Agency (PCWA).
5. U.S. HUD funded projects must comply with match requirements (25 percent of budget line items excluding leasing) set forth by U.S. HUD in 24 CFR 578.73. As authorized by the FY 2016 HUD Appropriations Act, program income may be used as a source of match and must be properly documented in the project application.
6. Project applications subscribe to the Housing First approach to quickly and successfully connect individuals and families experiencing homelessness to permanent housing without preconditions and barriers to entry, such as sobriety, treatment or service participation requirements. Supportive services are offered to maximize housing stability and prevent returns to homelessness as opposed to addressing predetermined treatment goals prior to permanent housing entry. The Core Components of Housing First include 1) *Few to no programmatic prerequisites to permanent housing entry* means no programmatic preconditions such as demonstration of sobriety, completion of alcohol or drug treatment, or agreeing to comply with a treatment regimen upon entry into the program; 2) *Low barrier admission policies* means PSH screening does not exclude persons with no or very low income, poor

rental history and past evictions, or criminal histories; 3) *Rapid and streamlined entry into housing* means Housing First PSH models make efforts to help people experiencing homelessness move into permanent housing as quickly as possible, streamlining application and approval processes, and reducing wait times; 4) *Supportive services are voluntary*, but supportive services can and should be used to persistently engage tenants to ensure housing stability; 5) *Tenants have full rights, responsibilities, and legal protections* meaning tenants are educated about their lease terms, given access to legal assistance, and encouraged to exercise their full legal rights and responsibilities; 6) *Practices and policies to prevent lease violations and evictions* suggests Housing First PSH should incorporate practices and policies that prevent lease violations and evictions among tenants [i.e. not evicting tenants as result of alcohol or drug use, unless such use results in disturbances to neighbors or is associated with illegal activity]; 7) *Applicable in a variety of housing models* means the Housing First approach can be implemented in different types of permanent housing settings, including: scattered-site models, single-site models or buildings that are newly constructed or rehabilitated, and set-asides where supportive services are offered to participants in designated units within affordable housing developments.

7. Applications must demonstrate:

- A plan for **rapid implementation** of the program; the project narrative must document how the project will be ready to begin housing the first program participant by the end of calendar year 2025.
- A connection to **mainstream service systems**, specifically:
 - 1) that services are in place to identify and enroll all Medicaid-eligible program participants and to connect Medicaid-enrolled participants to Medicaid-financed services, including case management, tenancy supports, behavioral health services, or other services important to supporting housing stability.
 - 2) that services are in place to connect participants to mainstream resources, including benefits, health insurance and employment services
 - 3) for stable PSH participants, that the project will assess participants' interest in moving on to independent affordable housing and offer assistance, to help tenants who would like to move on to explore independent housing options and apply for mainstream affordable housing opportunities.
- A plan for outreach to the eligible population. This is limited to persons referred through the Homeless Trust Housing Coordinator.

8. Eligible localities:

- Projects must be located within Miami-Dade County.

9. Eligible populations:

- All projects must serve persons experiencing homelessness: 100% literally homeless families and/or single adults, including youth, coming directly from emergency shelters and/or unsheltered locations OR persons traumatized by or fleeing domestic violence, dating violence, sexual assault, stalking, human trafficking or other dangerous situations.
- All PH projects must follow the CoC's Orders of Priority for Referral, as may be amended.
- All PSH projects must document the participant's disability.
- All project applicants must be non-profit organizations, the state or local government entities, including PHA's, or tribes,
- Applications shall only be considered from project applicants in good standing with Miami-Dade County and U.S. HUD, which means that the applicant does not have any unaddressed open monitoring or audit findings, history of slow expenditure of grant funds, outstanding obligation to Miami-Dade County or U.S. HUD that is in arrears or for which a payment schedule has not been agreed upon, or history of serving ineligible program participants, expending funds on ineligible costs, or failing to expend funds within statutorily established timeframes.
- Applications shall only be considered from applicants who are not in corrective action status because of a project evaluation.

10. Environmental Review Requirements must be met by new project applicants that acquire, rehabilitate, convert, lease, repair, dispose of, demolish, or construct property.
11. The total request for new projects may not exceed what is available through this RFA.
12. Project applicants and potential subrecipients must have satisfactory capacity, drawdowns, and performance for existing grant(s) that are funded under the CoC Program, as evidenced by timely reimbursement of subrecipients, regular drawdowns, and timely resolution of any monitoring findings.
13. The project application must adhere to the HUD policy priorities found in section I of this RFA.
14. The total request for renewal projects must match what is published on the GIW for that project, unless funds are reallocated.
15. Project applicants and potential subrecipients must have satisfactory capacity, drawdowns, and performance for existing grant(s) that are funded under the CoC Program, as evidenced by timely reimbursement of subrecipients, regular drawdowns, and timely resolution of any monitoring findings.
16. Subrecipients currently receiving Trust funding must demonstrate they have been able to submit required program documents in a timely manner. The Homeless Trust reserves the right to deny the funding request for a new project, if the request is made by an existing recipient that the Trust finds to have significant issues related to capacity, performance, unresolved audit or monitoring finding related to one or more existing grants. Additionally, the Trust reserves the right to withdraw funds if no APR is submitted on the prior grant.
17. The project applicant's performance met the plans and goals established in the initial application, including exits to permanent housing.

VIII. NEEDS PRIORITIES AND PRIORITIZATION OF HUD FUNDED PROJECTS

Earlier this fiscal year, the Miami-Dade's Continuum of Care (CoC) reviewed the Miami-Dade County Community Homeless Plan: Priority Home, identified the community's homeless housing and service gaps and needs, and established funding priorities. This process involved extensive input from the community, homeless and formerly homeless persons, homeless providers, and review and approval by the Homeless Trust Board. The meetings were publicly noticed.

Proposer Proposal shall be irrevocable until Contract award unless the Proposal is withdrawn. D. Aspirational Policy Regarding Diversity

Pursuant to Resolution No. R-1106-15, County vendors are encouraged to utilize a diverse workforce that is reflective of the racial, gender and ethnic diversity of Miami-Dade County and employ locally based

small firms and employees from the communities where work is being performed in their performance of work for the County. This policy shall not be a condition of contracting with the County, nor will it be a factor in the evaluation of Solicitations unless permitted by law.

E. APPLICATIONS OPEN TO PUBLIC

F. CONTRACTING PROCESS

Successful Applicants will be required to submit all documents necessary for contract development (e.g. revised budget(s), scope(s) of service, insurance certificates, affidavits, work plan(s), etc.) within two weeks from receipt of written notice of contract award from the County.

G. REVIEW OF APPLICATIONS

Each application will be reviewed to determine if the application is responsive to the submission requirements outlined in the RFA. A responsive application is one which follows the requirements of the RFA, includes all electronic documentation, is submitted in the format outlined in the RFA and **Attachment 2** RFA Checklist, is of timely submission, and has the appropriate signatures as required on the certification page. Proposers will be notified of any technical deficiencies with the proposal via an e-mail sent to the official applicant contact person as shown on Attachment 12 of the proposal. During the Cure Period proposers may correct any technical deficiencies identified during staff's technical review of the proposal with the submission of additional documentation as may be required by the County. Changes to narrative elements of the proposal will not be allowed. A deviation from the terms of this RFP may be cured so long as the deviation is immaterial in that it does not provide the proposer with an unfair competitive advantage. Failure to comply with these requirements may deem your application non-responsive.

H. ADDITIONAL INFORMATION/ADDENDA

Requests for additional information or clarification must be made in writing and received by the County contact person for this RFA no later than the deadline for receipt of questions specified in the RFA timetable. The request must contain the RFA title, Applicant's name, address, phone number and e-mail. The County will issue responses to inquiries and any other corrections or amendments it deems necessary in written addenda issued prior to the Application due date. Applicants should not rely on any representations, statements or explanations other than those made in this RFA or in any written addendum to this RFA. Where there appears to be a conflict between the RFA and any addenda issued, the latest addendum issued shall prevail.

It is the Applicant's responsibility to ensure receipt of all addenda. The Applicant should verify with the designated contact persons prior to submitting an application that all addenda have been received. Applicants who obtain copies of the RFA from sources other than the Miami-Dade County Homeless Trust risk the potential of not receiving addenda, since their names will not be included on the only list for that particular RFA. Such applicants are solely responsible for those risks.

Any questions, issue, objection or disagreement concerning, generated by, or arising from the published requirements, terms, conditions or processes contained or described in the solicitation document shall be deemed waived by the protester and shall be rejected as a basis for a bid protest unless it was brought by that bidder or proposer to the attention, in writing, of the contact person of the Homeless Trust, at least two working days (not less than 48 hours) prior to the hour of proposal submission. The purpose of this requirement is to expedite the procurement process by allowing the issuing department the opportunity to consider, and to resolve or clarify in a timely fashion, through the issuance of a remedial solicitation addendum, if appropriate, any such questions, issue, objection or disagreement, but not limited to ambiguities or inconsistencies within the document.

The foregoing notwithstanding, an appeal may not challenge the relative weight of the evaluation criteria

or the formula specified for assigning points therefore contained in the request for applications.

XVI. APPEALS PROCESS

On May 2, 2023 The Board of County Commissioners (“BCC”) adopted by Ordinance (MDC Legislative File No. [230341](#); Agenda Item 7A) an Amendment to Section 2-8.4 of the Miami-Dade County Code (“Code”) “Protest Procedures” imposing time limits for a proposer(protestor) to present any question, issue, objection or disagreement concerning, generated by, or arising from the rankings, scoring or recommendations (collectively “objections”) of a selection committee or waive such objections as a basis of protest. A companion item was also adopted to amend I.O. 3-21, Protest Procedures. Link to the adopted [Ord. 23-27](#) and Resolution to amend I.O. 3-21 Protest Procedures [R-428-23](#).

Companion Item. Adopted by the BCC on May 2, 2023, by Resolution (MDC Legislative File No. [230343](#), Agenda Item 11A) is an amendment to Implementing Order (I.O.) 3-21 relating to Bid Protest Procedures. This Amendment to I.O. 3-21 provides the same language as the prior item above that amended the County Code. This Amendment requires as a condition to filing a protest proceeding based on a selection committee’s scoring, rankings or recommendations, that proposers submit written objections to the County’s procurement professionals within five (5) workdays of receiving the Selection Committee Coordinator Report.

After the qualitative appraisal, rating and ranking evaluation, and oral presentations from applicants, the Evaluation/Selection Committee will report its findings as to the relative merits and recommendations to the County Mayor, Chairman, Applicants, and Clerk of the Board.

Respondents seeking appeal will be required to document their rationale for appeal on agency letterhead, signed by an authorized agent within five (5) working days after receiving the Selection Committee Coordinator report. The written objection must state, with particularity, the basis for the objection with sufficient information for County procurement professionals to promptly evaluate the objections without delay to completion of the procurement process. Note that failure to timely comply will prevent these objections from being used as a basis for a protest under the Code. Appeal letters need to be emailed to the Homeless Trust Executive Director at Victoria.Mallette@miamidade.gov, with a copy to the Clerk of Board clerk.board@miamidade.gov, in compliance with the Cone of Silence provisions in Section 2-11.1 of this Code. Appeals received by the deadline specified in the RFA shall be forwarded to the Miami-Dade County Homeless Trust Executive Committee who shall, at their duly noticed public meeting on August 9, 2024, consider the recommendations of the Evaluation/Selection Committee and Trust staff, and shall make a recommendation as to whether or not fund new projects recommended through this RFA process, including, but not limited to, directing Trust staff to negotiate any terms (up to and including requesting a “best and final offer”), in order to secure an agreement that serves the best interests of the County.

The Homeless Trust shall prepare and submit project grant agreements with selected sub-recipients resulting from this RFA, to the County Mayor or Mayor’s Designee who shall, following review and approval by the County Attorney’s Office, execute the sub-recipient agreements. Notwithstanding, the final determination and approval of the federal funding is subject to approval by U.S. HUD. Selection through this RFA for inclusion in the Collaborative Application for funding pursuant to the NOFO solicitations for the Homeless Continuum of Care Program Competition does not guarantee funding from U.S. HUD.

Applicants may request information and clarification on the ranking and rating of their proposal no less than 72 hours prior to the Miami-Dade County Homeless Trust Executive Committee’s consideration and approval of renewal and new project recommendations, and rejected projects as outlined in the timeline of this RFA. All questions regarding the evaluation of the proposals will be considered by the Miami-Dade County Homeless Trust Board and/or Executive Committee, and their decision shall be final.
